

2. Maryland Department of Assessments and Taxation, Corporate Charter Division, has no record of the corporation on their records (see Exhibit A).

3. The records of the incorporation of the said corporation, and its charter provisions, are located in Liber J.B.28, folio 144 and 145, Charter Records of Baltimore City, Maryland (see Exhibits B and C).

4. The corporate charter of the corporate defendant indicates that it was incorporated on June 30, 1890 and that the duration of the corporation was for a period of 40 years, which duration would have ended on about June 29, 1930.

5. The charter document of the corporate defendant lists the following directors as being the initial directors of the corporate defendant: Thomas J. Cannon, William A. Berbrick, Alfred J. Carr, Charles Seldon, Ellenora Cannon, and Edgar W. Day.

6. Your deponent has caused these names to be searched in the Baltimore City, Maryland telephone directory and none of the names appear there. Furthermore, it is presumable that if each were of majority age on the date of incorporation they would not now be surviving and would be at least 117 years of age.

7. I have further caused the records of the Circuit Court of Baltimore City to be searched for Articles of Dissolution,
